

Mental Health Support

Healing the mind is just as important as healing the body. We provide comprehensive psychological care.

Why Mental Health Matters

A cancer diagnosis brings immense emotional distress, anxiety, and depression. Our mental health support program ensures that patients and caregivers do not have to walk this path alone.

- 

Individual Counselling
One-on-one sessions with licensed psychologists.
- 

Support Groups
Share experiences with others facing similar challenges.
- 

Stress Management
Techniques like mindfulness and meditation.

Our Services

Psychological Assessment

Evaluating mental health needs to create tailored care plans.

Crisis Intervention

Immediate support for patients in distress.

Family Counselling

Helping families navigate the emotional impact of cancer.
